## Company Overview

IndSoft was established in the year 1998 with the intention of helping clients unleash the power of Internet to expand their business world-wide with innovative and easy-to-use solutions that are supported by unmatched customer service. Our in-depth experience gives us the skills to guide our customers through the process of getting on the Web by continuously developing new, easy-to-use features and tools that take the difficult out of creating, promoting and having a Web site. As a hosting specialist, we do what other providers can't or won't do. We actually deliver fully managed solutions. That means your mission-critical Sites/Mails/Applications are taken care of by our people, products, services and processes. Every customer will be managed and taken care of by our customer relation executive and support, unmatched in the industry. As our customer you'll never have to implement, update, troubleshoot, patch, monitor, administer, upgrade or worry again. And all the website that we host are secured in our world-class data centers and connected to redundant Managed Network Carriers.

Enhancements are constantly being introduced through Customer First to stay on top of demanding industry challenges and changes. In an industry where change is constant, we also rely on customer feedback to make sure customers concerns and ideas are being heard and addressed to. Programs initiated to fulfill the **Customer First Promise; Unparalleled support.**

**We're committed to providing you excellent service; It's the key to our success, and yours. We're deeply passionate about it.**

We believe that for a customer the choice should be simple. It's the choice that will save you money, because it will never fail you.
